The 34th biennial Congress of the Nordic Society of Nephrology

Welcome to Malmö 2017!

On behalf of the Swedish Society of Nephrology it is a great pleasure to invite you to Malmö to the 34th biennial congress of the Nordic Society of Nephrology in September 2017.

Malmö is located in the southern part of Sweden. The city is a charming town which has undergone a lot of development during the last decades and a new congress centre "Clarion Hotel & Congress Malmö Live" opened in 2015.

The Congress will take place September 20 – 23 at "Malmö Live" in the city centre of Malmö. The venue is located only 5-10 minutes' walk from the Central Railway Station, which is reached in approx 20 minutes by train from Copenhagen airport.

The Congress will be a great opportunity for participants to meet and discuss topics within Nephrology and to further increase the co-operation between colleagues from our Nordic countries.

We will do our best to offer you an exciting programme covering the main topics in the field.

We hope to see you all in Malmö 2017!

Best regards,

Kerstin Westman
President of the Swedish Society of Nephrology

September 20-23, 2017

**Clarion Hotel & Congress

- ERA-EDTA IWG
- Swedish Society of Nephrology
- the Mayo Clinic:

Advanced CME-course

Renal Implications of Advances in Immunology and Inflammation

The Immunology Work Group (IWG) within the ERA-EDTA organizes in collaboration with the Swedish Society of Nephrology (SNF) and the Mayo Clinic this CME course.

The course is primarily intended for young specialists in Nephrology who want to deepen their knowledge in Immunology and to understand how progress in this field can influence the care of patients with renal disease. The course is, however, open to anyone who wants to attend.

The course is a satellite meeting just prior to the Congress of the Nordic Society of Nephrology, and delegates attending both events are granted a discount on the tuition fee. However, participation in the course does not require participation in the Congress or vice versa.

We have been able to attract a very competent faculty from both the USA and Europe. Through support from the ERA-EDTA and the Mayo Clinic we are able to offer this course to a very reasonable fee. The number of seats in the venue is limited, so it is a good idea to register early.

Welcome to Malmö in September 2017!

Mårten Segelmark
IWG secretary

Kerstin Westman
SNF president
